## New Teacher Elected.

At the meeting of the Board of Education Thursday evening, Miss Hazel Cottingham, daughter of Mr. and Mrs. A. W. Cottingham, was elected to the position of instructor in the commercial department of the Paris Public School, a new course which will go into effect in the school at the next session.

Two months ago the Board of education authorized the addition of this course to the school, with a view of equipping such students that so desired with a commercial education.

Superintendent George W. Chapman has been a strong advocate of the commercial course in the public school and it was through his influence and advocacy the course was adopted by the Board.

The course will embrace phonography, typewriting and bookkeeping and will be at the disposal of the students residing in the city. Those living outside the city will be instructed at a nominal tuition fee, which will go toward maintaining the course in the school.

It is the purpose of the Board to purchase several standard typewriters for the use of the students and provide for them as well as any commercial college in the State.

Miss Cottingham, who will instruct in this department, is a graduate of the Paris High School and of W. K. Smith's Business College in Lexington. For the past two years she has held a stenographic position in London and is admirably equipped to fill the position for which she has been chosen.

## Two Have Narrow Escape.

Two persons had very narrow escapes from death Saturday afternoon when the residence of J. E. Greenleaf at Richmond was destroyed by fire. The fire originated from a defective flue.

Mr. Greenleaf and his daughter, Miss Van Greenleaf, were carrying out some of their clothing from the burning building when a portion of the roof fell in, entrapping them. They both barely escaped, Miss Greenleaf sustaining several severe burns. The loss on the house is about \$6,500.

Miss Greenleaf is well known in Paris having frequently visited at the home of Hon. and Mrs. E. M. Dickson in this city.

## Suffers Paralytic Stroke.

Leer Stout, proprietor of a Main street restaurant, was stricken with paralysis Friday afternoon and as a result his entire right side was affected.

Mr. Stout had been complaining for several weeks but the seriousness of his condition was not realized until he suffered the attack.

His physicians, Drs. Fithian and Daugherty, have advised a complete rest from business with the hope of preventing another stroke.

At present he is resting fairly well at his home on Seventh street and his many friends hope for his speedy recovery.

## BIRTHS.

In a close game marked by an exceedingly exciting finish Paris defeated the Lawmakers Saturday afternoon on the local grounds by a score of 4 to 2.

The Senators put up a stubborn fight to retrieve the game after it had been thrown away in the sixth session, after two were down in the final round, put one run over the rubber and had the bases full when Cramer hit into an easy out.

Shears, who was on the rubber for Paris, pitched steadily throughout the contest, and his helpers put up a brilliant and perfect game behind him. In the nine sessions he whiffed nine of the Senators, and in only two sessions did he allow the opposing batsmen to bunt their hits.

Cramer, the Senator twirler, while effective in the early stages, displayed unusual wildness and failed to check the Paris hitters when he worked himself into tight places. Only two of the eight frames went over without the locals putting the ball into safe territory.

Maxwell's running catch of Seebach's hard drive to the left field fence in the ninth and Kuhlman's play in pulling down a line drive from Konnick's bat in the third were the features of the well played game.

The score:  
Frankfort.....1 0 0 0 0 0 0 1-2  
Paris.....0 0 1 0 2 1 0 x-4  
Batteries—Paris, Shears and Mayer; Frankfort, Cramer and Weeks. Hits—Paris 6, Frankfort 9. Errors—Frankfort 1. Earned runs—Frankfort 2, Paris 1. The Pioneers proved to be an easy opponent for Paris in the contest at White Park Sunday afternoon and the game resulted in a score of 6 to 4 in favor of the locals.

Long hits came in plenty and of the total of eighteen seven went for extra bases. Sterling was wild all the way through, passing six men during the nine sessions and two errors by his helpers assisted the locals to some extent in annexing the game.

In the third inning Haley had the misfortune to have his right hand split by a fouled ball and was forced to retire from the game.

Barnett, in the fifth inning, drove a long one over Whitaker's head in left and the ball bounded over the fence. In the next inning Mayer landed on the sphere for three bases. The score:  
Richmond.....0 0 0 1 0 2 1 0 0-4

**WHERE SALVE FAILS**

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.

**WASH THE GERMS OUT.** A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure, and give you instant relief.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it to be a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## WASH THAT ITCH AWAY

## DEATHS.

—Mr. Charles Honey, aged about 49 years, died suddenly about ten o'clock Saturday night in Cincinnati where he had gone for treatment a few days before. The physicians at the sanatorium, upon examination, found his heart to be in a very weak condition and deferred treatment until it had time to become stronger, but suddenly the heart failed entirely and he expired. The remains arrived Sunday morning on the 10:10 train, and were taken to the residence of his mother, Mrs. Jos. Honey, in East Paris. Besides his mother, Mr. Honey is survived by his two sisters, Mrs. Thomas Arkle and Mrs. Nellie Turner, and one brother, Mr. Ray Honey. The burial took place yesterday afternoon at 4 o'clock in the Paris cemetery. Services were conducted at the grave by Rev. O. B. Crockett.

—Miss Nannie Coulthard, daughter of Mrs. John Coulthard, living near Paris, on the Ruddled Mills pike, died Saturday afternoon at a sanatorium in Lexington, where she was taken for treatment several days ago.

The body was brought to Paris Sunday afternoon on a special interurban car, arriving at the cemetery at 2:30 o'clock where services were conducted at the grave by Rev. E. M. Lightfoot, assisted by Rev. Walter L. Brock, of Lexington.

Miss Coulthard was of a very quiet and retiring disposition and was not known to a very large circle, but she was a young woman of beautiful character. The circumstances of her brief illness and death are of peculiar sadness, and the sorrowing family have the deepest sympathy of their neighbors and friends. Besides her mother, Miss Coulthard is survived by two brothers, William and James Coulthard, and one sister, Mrs. Clark C. Fritz, of Lexington.

—Mrs. Nancy E. Whaley died at her home on the Ruddled Mills pike, three miles from Paris, Sunday evening after an illness of about five months.

Sometime ago Mrs. Whaley suffered a stroke of paralysis and has since been in a critical condition. For several weeks her life has been despaired of.

She was a consistent member of the Methodist church and up until the time of her recent illness was a regular attendant.

Before marriage she was Miss Nancy Wells, of Scott county and two brothers now reside in the Leesburg vicinity.

## Bourbon County Crop Conditions

In every section of the county rain is badly needed and vegetation of all kinds is suffering. Corn showed no signs of weakening until Friday, when the blades began to curl and droop. The early corn is now in the tassel and rain must come soon for the making of the ears of corn. Late planted corn is very backward and is in need of both rain and proper cultivation.

Threshing is practically over and the yield of wheat has been no better than the ten year average. The crop is being produced annually at a loss and farmers would do well to cut it out altogether and grow rye and barley.

The hay crop is the poorest ever produced in the county, being but little short of a complete failure. Oats fared likewise and the farmers will have but a small amount of roughage for winter.

Already a number of Bourbon farmers have purchased silos which they will shortly erect and fill with corn for winter silage. It is believed that within a few years every progressive farmer in the county will have one or more silos and that they will be prepared to meet, in both summer and winter, with a large quantity of silage the conditions that come as a result of protracted droughts or the rigors of an extremely cold winter.

The tobacco crop is variable in condition, some fields showing extra growth, while others are bad and indifferent.

Grass and stock water in many places are getting scarce and the season of 1911 so far has been one of great uncertainty and in many instances of great loss to the farmer, as evidenced by the practical failure of the oats, meadows and potato crops and the consequent shortage in grazing, forcing early sales of live stock.

## Doleful Report for Kentucky Weed.

A dispatch from Washington says: "A doleful report of this year's tobacco crop was made today by the Department of Agriculture. The report shows 893,200 acres of planted tobacco in the United States this year, which is only 72.4 per cent. of the 1910 acreage. The condition of the tobacco crop on July 1 is estimated at 72.6 as against 85.3 on July 1, 1910, and a ten-year average of 86.

"Probably the most interesting part of the report is the prediction that the yield per acre, based on present conditions, will be 698.1 pounds as against 797.8 in 1910, and an average of 826 pounds for the period from 1908 to 1910. These figures are for the country at large.

"The Kentucky corn crop, on the other hand, is given a great send-off by the report. It is given as 90 per cent. on July 1 as compared with 88.85 on July 1 1910, and a ten-year average of 88. Kentucky wheat is rated at 83 as against 88 on July 1, 1910 and a ten-year average of 81."

## A Dead One.

"I thought you wanted stories of real life!" sneered the disappointed author. "I do," snarled the editor; "but after reading the first paragraph of your story I could see its finish."

"Fall of Troy" at the Comet  
Today.

At the Comet Theatre this afternoon  
and tonight will be seen for the first  
time in this city the wonderful \$30,000  
Itala motion pictures in two parts,  
"The Fall of Troy."

This is without doubt the most  
magnificent motion picture ever made  
embracing a reproduction of the  
Trojan war, 2,000 armed gladiators in  
deadly conflict; spectacular attack on  
the city; awe inspiring conflagrations;  
the giant wooden horse captured by  
the Trojans and the sortie in the dead  
of night by the soldiers concealed in  
the animal, who set fire to the city;  
the terror of the lovely Helen, as her  
husband, at the head of the avenging  
Greeks, destroys the Trojans with fire  
and sword and kill Paris, her lover.

Beautiful women, dashing chariots,  
artistic statuary, massive palaces,  
real costumes, all depicted in exquisite  
photography, tinted and toned beyond  
compare. This picture should be seen  
by every teacher and scholar. In-  
structive and entertaining to all. At  
the Comet this afternoon at 2 o'clock  
and tonight at 7. Admission ten cents.

Myall's Shortage is Just \$57,-  
038.91.

The exact amount of the shortage of  
Edward Myall, late assistant cashier of  
the Citizens' Bank of Paris, who  
committed suicide when it was inevi-  
table his speculations must become  
public by expert accountant John I.  
Fisher, who was assisted in the exami-  
nation by expert accountant W. F.  
Hurt, of Lexington and the figures  
total \$57,038.91.

The examination also reveals how  
Myall succeeded in getting away with  
such a large amount and wrecking the  
institution. According to the examiners  
Myall secured the money by drawing "fake"  
checks, making changes on an inter-  
mediate book, but never posting on  
the ledger, and the result was, all  
depositors' accounts were correct, ex-  
cept where there happened to be a  
clerical error.

The books were only examined back  
to 1897, and all the time he was taking  
money by the "fake" check route.  
He never took it in large amounts, but  
seldom missed a day. During the  
month of January last there were 25  
banking days, and on 24 of them he  
took money. From the 24th of Feb-  
ruary, 1908, to the time of his suicide  
he took \$29,000, or more than \$9,000 a  
year.

The deposits when the Citizens' Bank  
assigned to the Bourbon amount-  
ed to \$155,000. Of this amount  
\$150,000 has been paid by the deposi-  
tors, and the others have been notified  
that they can get their money at any  
time that they apply. This settle-  
ment of the bank's affairs was cer-  
tainly done in record breaking time by  
Mr. Fisher and President Buckner  
Woodford.

The stockholders will be the only  
ones to lose by the shortage.  
The funds of the Paris Cemetery  
Co., which was a large depositor, have  
been found intact and not a dollar will  
be lost from that fund.  
The Garth Fund held about twenty  
shares of the stock, and it will lose  
most of that, it is stated.

(Continued from Page 1.)

won up to the final round the Bourbonites pulled off some queer stunts in the ninth and allowed the Pioneers to carry off the day.

The locals out hit the visitors by five points but a couple of errors in the last frame put the Paris aggregation high above the earth's level and before they could anchor again on terra firma three runs crossed the rubber and the game was lost.

After the first session when George passed the first two, both of which scored on Striker's two bagger, he pitched winning ball and but for the grand blow up, which was started when Walden's grounder bounded off of McKernan's cranium and rolled so far beyond the reach of the fielder that before it could be recovered the runner had pulled up on third, he would have won.

Creager was hit hard and every one of the locals' runs were clearly earned. However he worked himself out of many tight places and only allowed runs to come one at a time.

The visitors started off with a rush in the first and counted twice. The locals tied the score in the third and fourth and went ahead in the eighth. Three runs in the ninth nailed the game as in the last half the locals were unequal to the occasion of overcoming the lead.

Today the Colts will be the attraction at White Park and Schenck will probably pitch for Paris. The score:

Richmond.....2 0 0 0 0 0 0 3-5  
Paris.....0 0 1 1 0 0 0 1-3  
Batteries—Richmond, Creager and Haines, Paris, George and Mayer.  
Hits—Paris 12, Richmond 7. Errors—Paris 5, Richmond 2. Two base hits—Striker, Creager, Goodman, Barnett, Bramlage. Three base hit—Striker. Base on balls—off George 2, off Creager 1. Struck out—by George 2, by Creager 5. Stolen base—Haines. Sacrifice hits—Bramlage, Mayer. Sacrifice fly—Kuhlman. Time—2:00. Umpires—Bassett, Shears and Black.

Frankfort was defeated by Lexington yesterday by a score of 10 to 8 and Winchester won from Maysville 1 to 0.

### The Way of a Cat.

A husband and wife of Presque Isle started out last week to visit some friends who live about three miles from that town. On reaching their destination they were greatly surprised to find their pet house cat hidden under the seat among the horse blankets. While greetings were being passed the cat disappeared. After a short visit and a hurried search the visitors started for home. More astonishment than before was their share to find pussy awaiting them, as demure as though nothing had happened.—Portland Press.

### Political Economy.

## Lame Every Morning.

A Bad Back is Always Worse in the Morning. Paris People Are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

Can't cure a bad back until you cure the kidneys. Doan's Kidney Pills act on sick kidneys—make you feel better, work better, rest better and sleep better.

Permanent cures in Paris prove the merit of Doan's. Mrs. Laura Law, 1114 Pleasant street, Paris, Ky., says: "Doan's Kidney Pills were of greater benefit to me than any other kidney medicine I ever took and I consider them worthy of the highest endorsement. I believe that kidney trouble was inherited in my case. My back was painful, especially when I stooped or lifted and when I got up in the morning, I felt very lame. I was languid and nervous and was subject to severe headaches and dizzy spells. Whenever I caught cold, it settled in my kidneys and made my condition worse. Doan's kidney Pills helped me in a short time and the contents of one box effected a complete cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Neale Presides at Baseball Meeting.

The Board of Directors of the Blue Grass Baseball League met Friday morning in Lexington. President William Neale presided, this being the first meeting since his election. All the clubs in the league except Richmond were represented. The meeting was mostly of a social nature in order for the new president to become acquainted with the League Directors. A President Neale made a short talk setting forth his attitude toward the league and declared his utter lack of partiality. He outlined his method of governing the league and emphasized the need of harmony.

W. S. Murray, of Louisville, was elected treasurer of the league to succeed C. K. Thomas, of this city, resigned.
